Please can you let us play online?. Incorrect spelling, poor controls and the questions are mainly incorrect. Very very very very very very bad game. Really \u2665\u2665\u2665\u2665\u2665\u2665 game. A nonsensical trivia game where the answers are sometimes wrong, the questions are sometimes vague, and the gameplay in-between the trivia is tedious and insane. Also everything is a stereotype. Could be fun if you're willing to laugh at it, as its madness is the only thing it brings to the table.

<https://www.youtube.com/watch?v=3e0LiRXw6wo>. PLEASE DONT MAKE THE SAME MISTAKE WE DID.. omg this game has soo much potential but it has a moron writing the questions with questions like what is big ben (it the bell muppets!!!) a picture of tower bridge and yet tower bridge is wrong(mate i come from london) and what is venice i put water options land air water swamp (i not sure if i rite bout that maybe it a massive hidden swamp). oh great. I read .pl and didn't want to get bias

[but the quiz seems to be a lot about Poland, and generally it's not a quiz with "categories" or "trivia"](#)

[but really: Geography, Politics, historical- .. and any kind of cultural what-not-to-know-about sites and National Monuments...](#)

[I'd pick NO for recommendation, but then again you can learn things about monuments or contemporary presidents](#)

[my AI couldn't answer a question right *whew* on me.. but he told her to go back to primary school, and I'm glad we didn't have to learn .. such.. in primary school but really useful things.. or not](#)

[however.. the contestant stood there, and once you answer wrong, other contestants may -punish- you.. there was a wheel, maybe it was supposed to be spun now, but I did that usual -click anywhere- press all keys.. and nothing happened to get the game on](#)

[whether I'd recommend it as a fun game, maybe it's a useful one?.. so if you're not interested in other nations and what they have to offer, this can teach you more about them? or at least about things like what their kings built and who was in charge, or how THIS landscape belongs to THAT part of the country .. not sure if that teaches you anything about their culture and about "further insights" however](#)
